Parking facilities are very limited, therefore the administration is asking that students who live within walking distance of school walk rather than drive to school. Cooperation with this request to limit traffic will help protect the safety and property of all students and staff. Listed below are regulations for automobile use. Students who violate these regulations may lose their parking privileges for up to the remainder of the school year and face other appropriate disciplinary action. Vehicles violating a regulation, including those not having valid parking permits may be towed. Applications may be picked up the first week of August.

1. All vehicles parking on school grounds must have a parking permit. Permits must be purchased in the school office after completion of the application and approval from the administration. The parent/guardian must come into the office in order to give consent. Students receive permission to park in one lot in a reserved space. The cost of a permit will be $100 for the spaces adjacent to the high school. Students will be given a numbered tag to display and a $50 fee for the far west lot off Route 14.
2. Any parking violators may have their vehicle towed at the owner’s expense, an/or receive a ticket from the Harvard Police Department.
3. All students will sign Operation Click contracts, and any violation may result in forfeiture of their parking privileges.
4. Parking improperly (using 2 spaces, in bus or fire lanes, designated handicapped or visitor spaces) is a violation.
5. Upon parking their vehicles, students should lock their vehicles and not return to them until leaving school for the day. The parking lot is off-limits.
Parking (continued)

6. Students may not be in any vehicle during lunch periods unless they are given approval by the high school’s main office.
7. Students are expected to obey all posted traffic signs and keep their speed under 10 mph while on school property.
8. Students found guilty of reckless driving on school or adjacent grounds will be denied parking privileges. Other disciplinary measures may also be taken.
9. The administration has the right to have cars parked on school property searched, confiscate any illegal substances, and punish the offending driver and/or passenger.
10. Snowmobiles or other off-road vehicles will not be allowed on campus.
11. Parking place assignments will be decided on the order of receipt of the application, conduct, home address, year in school and activities.
12. Parking at the school is a privilege and can be revoked at any time at the discretion of the administration.

If a student refuses to relinquish an electronic device to a staff member this may be considered insubordination and result in immediate assigned to in-school or out-of-school suspension and the parent may be contacted.

The school and District are not responsible for the loss, theft or damage to any electronic device brought to school.

Students in violation of this procedure may be subject to the following consequences (staff who confiscate phones may use their discretion to turn it into the main office or issue their own consequence):

The student may be assigned a consequence and the student may be prohibited from bringing the device to school or required to bring the device to the main office daily for safe keeping for a duration as determined by a High School Administrator.

Harvard High School Honor Code Rationale

Academic honesty and integrity are essential to excellence in education and are founded upon three fundamental values:

- Honesty- the expectation that each person will tell and defend the truth.
- Responsibility- the expectation that each person will be accountable for and will accept the consequences of his or her actions.
- Trust- the expectation that each person will be able to rely on the integrity and character of others.

The Honor Code represents the values we view as essential to our school and asks that we hold each other to a high standard of integrity and personal achievement. Students, parents, and staff members have a responsibility to promote an academic culture that respects and fosters individual excellence.

Through this commitment, students and faculty will focus on fully achieving their potential in the areas of academics and personal character.

Since assignments, exams, and other schoolwork are measures of student performance, honesty and integrity are required to ensure accurate measurement of student learning.
